

# Corridor Aesthetics Design Process

Iowa Department of Transportation

Illinois Department of Transportation

- Iowa and Illinois DOTs are committed to partnering with communities to develop corridor aesthetics and to design treatments that will enhance the new I-74 corridor.
- Corridor Aesthetics Advisory Team (CAAT) members are representatives of the Quad City community who will assist the I-74 consultant design team and the Iowa and Illinois DOTs in establishing appropriate, affordable and constructible aesthetic improvements for the corridor.

- CAAT recommendations will be advanced to the I-74 Advisory Committee for review and endorsement. The DOTs will analyze the CAAT recommendations and have final approval of the theme.
